

SLINGBOX 350

By **ECHOSTAR**

slingbox.

Introducing the highest quality Slingbox® ever.

Now your TV can go with you wherever you go. Easily connect the new Slingbox 350 to any of your home TV sources and watch your standard definition (SD) or high definition (HD) TV shows, sporting events or special programs on your PC, Mac, tablet or smartphone over the Internet, from anywhere in the world. Take complete control of your TV with the easy-to-use on-screen remote control.

FEATURES

- Extend your TV living room experience in sparkling 1080p high definition.
- Connects to your cable, satellite or terrestrial set-top box or digital video recorder via component or composite video connection.
- Ethernet connectivity to the Internet.
- Compact design.
- Watch and control your TV and all of its programming on your compatible smartphone or tablet using SlingPlayer® software*.
- Access your Slingbox from the web on a high-speed Internet-connected PC or Mac.
- On the road, at work or on holiday, anywhere — anytime.

*Software download sold separately.
